**Subject:** Microsoft Settlement

I am writing to voice my concern that the current Microsoft settlement proposal is little more than a slap on the wrist and will not accomplish its goals of rectifying the monopoly abuses that MS has been found guilty of. Specifically, the Proposed Final Judgment allows many exclusionary practices to continue, and does not take any direct measures to reduce the Applications Barrier to Entry faced by new entrants to the market.

Sincerely,  
Thomas Bohmbach, Jr.
